

# THE HOUSE REPUBLICANS PLEDGE

**Open Connecticut for business** to compete with other states and grow our economy from the ground up in all our communities with fair and honest taxes and less job-killing red tape

**Open Connecticut by fixing roads** and bridges using funds we already collect without tolls and new taxes

**Open Connecticut communities** with predictable funding so our schools, firemen, and police can continue to protect and serve our residents and families

**Open Connecticut government** to reforms that make politicians and bureaucrats more accountable

**Open Connecticut to checks and balances** to end the old, business-as-usual policies that have driven our state into crisis

# HOUSE DEMOCRATS **CLOSED** CONNECTICUT

## THEIR BIG GOVERNMENT APPROACH HAS:

**CLOSED CONNECTICUT** businesses with thousands of lost jobs and the 43rd worst-ranked economy in the country

**CLOSED CONNECTICUT** with record-high, massive debt

**CLOSED CONNECTICUT** with payoffs to special interests while cutting school funding

**CLOSED CONNECTICUT** roads by wasting transportation funds and promoting a disastrous new plan for tolls

**CLOSED CONNECTICUT** passing the two largest tax hikes in state history

**CLOSED CONNECTICUT** to new ideas; Democrats have had control of the legislature for 40 years and rubber-stamped Dan Malloy's failed agenda for the last 8 years
